

## REISS Avaro Q Bench Benchmark for Teamwork

We know how to create offices.

## REISS Avaro Q Bench

STAND-SIT-WORKSTATIONS

# Benchmark in comfort and performance.

The demand of today's working world is not only high, but also very complex. The REISS Avaro Q Bench offers the possibility to fully exploit the potential of each individual and to work efficiently in a team. Individual work space combined with ergonomic flexibility and communicative exchange – REISS sets new standards for stand-sit-workstations.

Valuables compartment, lockable

Space, table-wall

Spacer, table-table, linear connection

# Electrification

## Cable routing

Cable routing module V-form

Cable passage round, Ø 80 mm

## Power supply for end devices

EvoLine: inductive charging, wireless charging of Qi-compatible equipment

Twist socket unit, closed

Twist socket unit  
1 x Socket outlet,  
1 x USB double charger

# Electrification

## Cable management set

The cable management set includes six cable conduits made of dirt-repellent fabric, each with two opposite zips. Each cable conduit is 80 cm long with an inner diameter of 22 mm and an outer diameter of 32 mm. The fastening is carried out via eight self-adhesive plastic clips.

The set also includes a black plastic cable chain for each desk, which can be easily attached to the desk via a magnet. A tray mounted to the frame of each desk takes up the cable chain when the individual desks are adjusted in height.

Tray to take up the cable chain

Cable conduit for stowing the cables in the cable duct

REISS products are GS-certified. They bear the RAL-UZ 38 environmental quality seal, and meet the “Quality Office” criteria. REISS is certified in accordance with the quality management system (DIN EN ISO 9001), the environmental management system (DIN EN ISO 14001), the product chain certificate PEFC-CoC and EMAS III.
