

REISS Cabinet system  
Everything perfectly organised.

We know how to create offices.

## STORAGE

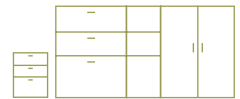

# Clean ambience.

Whether as an individual piece or part of specifically tailored office furniture – the REISS cabinet system flexibly adapts to almost any room. With its broad range of widths and heights, it covers all requirements and offers maximum flexibility when it comes to designing customised office environments.

## STORAGE

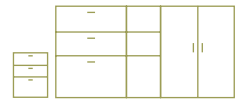

# Shapes and colours for new solutions.

The interplay of wall shelves with room-dividing glass door and roller door cabinets in different décors is just one of countless ideas for customised office furnishings, which you can implement with the REISS cabinet system.

Perfect tidiness .

## STORAGE

Tailored to your taste: REISS  
offers various features and  
surfaces.

A modern management philosophy always requires a well-organised environment. With its practical detailed solutions, the high-grade REISS cabinet system provides for self-organisation and makes it easier to focus on the primary tasks.

Set the scene for plants.

## STORAGE

Plants bring freshness, liveliness and well-being to an office. And of course style. With the plant containers made for the REISS cabinet systems, plants of any colour and exotic can be blended harmoniously and attractively into the office environment. In that way they not only have style but also ensure an improved work and office atmosphere.

## HIGHLIGHTS AND OPTIONS

- | Inserted plant pot made of high-grade PP plastic with overflow
- | Practical level indicator for optimum water supply for the plants
- | Wide range of different colors, 360 mm height
- | Metallic cover frames for the plastic inserts in a variety of colours

# Transparent contrasts.

Light and modern look combined with a touch of elegance – diverse sideboard designs offer numerous advantages. How about a harmonious wooden décor look or a combination with elegant sliding glass doors?

## STORAGE

# Tidiness to go.

We have been manufacturing our products exclusively in Germany since being set up over 135 years ago, and will continue to do so in the future.

## STORAGE

Due to the mobile high pedestals of the REISS cabinet system, you can easily implement flexible workstation solutions, because important documents and work equipment are always in the right place.

# Perfectly organised.

REISS cabinet system is perfectly organised. Flexible interior solutions enable proper and efficient use of space – combined with maximum functionality on the smallest surface area possible.
