

REISS Wall Desk Fold-away homeoffice.

We know how to create offices.

REISS WALL DESK

WALL DESK

Your office in the smallest of spaces.

The REISS Wall Desk offers you the full comfort of a workstation and blends seamlessly into your home landscape with its unobtrusive design. Thanks to its small depth, it takes up very little space and also has a decorative function as a cabinet and storage surface. The optional wall shelf adds even more freedom to furnish your workspace at home in a cosy way. At the end of the day, your desk and work materials simply disappear behind the flap.

HIGHLIGHTS AND OPTIONS

- | folding work surface in lockable cabinet
- | folding mechanism with soft closing on both sides
- | equipment options; such as monitor holder, lighting and electrification
- | load capacity of unfolded work surface max. 12 kg
- | optionally with two support legs
- | extendable with wall shelf and bookends

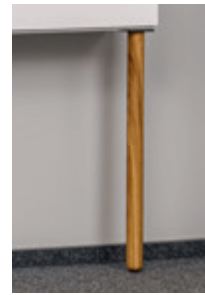

Numerous options and accessories help you organise your workspace. Optional support legs increase the stability of your wall desk on less weight bearing walls and also make it a visual eye-catcher.
